ADELAIDE CONVENTION CENTRE 2010 BEVERAGE SELECTION

INTRODUCTION

South Australia is the powerhouse State of the Australian wine industry, producing large proportion of the nation's wine and boasting some of the oldest individual vines in the world.

In addition to being host to some of the world's oldest vines, the State also has a diversity of regions ranging from the relatively warm temperate climate of the Barossa Valley through to the maritime precincts of the McLaren Vale, Southern Fleurieu, Currency Creek and Langhorne Creek regions on the Fleurieu Peninsula and across the cooler Adelaide Hills region to the hotter Riverland region on the Murray River.

The south-eastern part of the State includes the Limestone Coast zone and the "terra rossa" soils overlying limestone which give rise to distinct elegant reds of the Coonawarra region. The "Limestone Coast" zone - which also includes the Padthaway, Wrattontully and Mount Benson regions - is building its own reputation for wines that are not only influenced by the region's eponymous limestone but the tempering breezes of the nearby Southern Ocean.

At the Adelaide Convention Centre we pride ourselves in making available the State's finest wines from various regions and labels at the best possible price.

Our new wine list has been chosen with careful consideration to quality, value and variety from the various wine regions across the State. A range of packages have been designed to provide quality wines at affordable prices for your serious consideration. While every effort will be made to source the vintage of your choice, please bear in mind that vintage availability can vary from time to time.

We guarantee that we will negotiate the best possible price on your behalf, taking advantage of the considerable buying power of the Adelaide Convention Centre and ensuring this advantage is passed on to you.

This will assist you in choosing a selection from our wine list to provide the perfect wines to complement your food. To make the job easier, we have also provided tasting notes on each wine to help ensure a perfect match.

Should your preferred wines not be listed here, please consult with us, and we will be happy to assist you in the selection process and in sourcing the wine of your choice.

We are pleased to be able to feature a selection of wines from the following South Australian wine regions for your enjoyment:

Adelaide Hills - Australia's premier cool climate wine region, arguably the country's purest and most desirable Sauvignon Blanc lives in the Hills.

Barossa Valley - One of the most famous wine regions of South Australia and indeed, Australia. Offering the ideal climate for full bodied red wines, excellent fortified wines and generally robust white wines.

Clare Valley - Wines from this region have a warm rustic flavour. When you think of Clare Valley, you think of Riesling. The region does however produce some excellent reds.

Coonawarra - With a unique combination of terra rossa soils and seaside climate, a passion to achieve viticulture and wine making excellence, this region is Australia's pre-eminent producer of super premium wines.

ADELAIDE CONVENTION CENTRE 2010 BEVERAGE SELECTION

Currency Creek – A relatively new wine region with the first vintage released in 1972. The climate in the region is slightly warmer than that of Langhorne Creek and on a par with that of Margaret River and California's Carneros. Varieties include Sauvignon Blanc, Cabernet Sauvignon, Merlot and Shiraz.

Eden Valley - Home to some of the oldest Shiraz vineyards in Australia, world acclaimed Rieslings and iconic wine brands. The region's climate and soil produce incredibly complex wines which are rich and full bodied with soft tannins.

McLaren Vale - This is the place for bold inky – black Shiraz, rich but elegant Cabernet Sauvignon and Grenache that hold its own against any in the country.

Langhorne Creek - Langhorne Creek Shiraz or Cabernet Sauvignon is a valued contributor to many South Eastern Australian red blends produced by some of our largest producers. A remarkably good area for soft, fruity, medium bodied red wines.

Padthaway - Padthaway has proved to be an excellent white wine producer and, if yields are controlled, an equally good red wine area.

No beverages are allowed to be brought into the Centre without prior arrangements and payment of relevant service or corkage charges.
